

STANNO

2020 TEAM SPORTS

MISSION - VISION - VALUES

MISSION - **WHAT WE STAND FOR**

Stanno is a dedicated teamwear brand that offers a wide range of sportswear for teams and individuals, as well as all sorts of sports equipment.

Stanno aims to create products that support the athlete's momentum. For the brand it's all about defining moments. Stanno strongly believes that everyone, every athlete, regardless of his or her level, can experience true moments of glory.

Our mission is to create essential sports products that support everyone, every athlete, regardless of his or her level, in experiencing moments of glory.

VISION - **WHAT WE AIM FOR**

Our vision is to become the first brand in the athlete's mind when it comes to moments of glory.

VALUES - **WHAT WE BELIEVE IN**

Product is king

Stanno aims to transmit the love of sports through products that meet the Stanno design philosophy: Function. Form. Attitude. In that exact order. For Stanno, product is king. It is the specialty of Stanno to provide extensive collections of interest to every athlete, on the one hand, and, on the other, to develop tailored, high-tech products for specific groups of athletes. The brand is dedicated to create quality every day, driven by a firm belief in the winning connection of versatility and innovation.

Sport is our passion

Sport is in the core of our DNA. The love of sports is reflected in everything we do, from our design philosophy to our development and marketing. It's our inspiration domain. In sports it is all about momentum. The tipping point where the hard work comes together, the powerful dynamic around a defining moment.

LIGA

The popular Stanno Liga Shirt is inspired on a contradiction. It's a design that contains two elements: the round shapes of retro and the angular shapes of modernity. This results in a modern looking two colour shirt with a classic design.

Elastic mesh panels under the arms for an extra supple and airy feel.

VERY SUITABLE FOR PRINTING.

Dealer takes care of printing.

A unique kit for your club

SPECIAL DESIGN

LIMITED

- from 15 pieces
- many designs
- many colours
- online tool

Looking for something special? We introduce a tool with which you can put together a unique kit for your club! With Special Design Limited you can now create your own design from only 15 pieces. You get the high quality and perfect fit that we are recognised for, combined with a design that perfectly fits the character of your team.

How does it work?

With the Special Design Configurator you design a shirt and shorts with a unique look together with the sports store. The online tool helps you through the design process step by step. This way you determine the model, the pattern, the colours and the printing of your team kit.

Like to know more?

Contact us! Email us directly via sd@deventrade.com or enter your sports store for more information about the possibilities. We'll be happy to work for you!

Choose your design, fit, short or long sleeves and the type of collar.

Choose the desired colours.

Choose the desired colour for the shorts.

If desired, add the club logo and/or sponsor logo to your design.

	Limited	Unlimited - p. 27

A unique kit for your club

SPECIAL DESIGN

UNLIMITED

- from 100 pieces
- many designs
- many colours

Do you have your own design in mind for your club outfit? We can realise this for you! With Special Design Unlimited you can have your own design made from 100 pieces. You get the high quality and perfect fit that we are recognised for, combined with a design that perfectly fits the character of your team.

How does it work?

In cooperation with the sports store and the designers of Stanno you design a shirt, shorts and socks with a unique look. In addition to the pattern and the colours, the neck tape, piping, mesh and printing can be determined entirely according to your own wishes.

Like to know more?

Contact us! Email us directly via sd@deventrade.com or enter your sports store for more information about the possibilities. We'll be happy to work for you!

Reorders possible from 50 pieces.

STANNO

RKC WAALWIJK

28 May 2019 - the day on which RKC Waalwijk secured a comeback in the Dutch Eredivisie after an unbelievably exciting match against Go Ahead Eagles (result: 4-5).

A great moment for the club and a first for Stanno: the debut in the Eredivisie!

For the new season, we designed new away and home kits together with the club. Warmly received by the fans, and now fully in use in the fight for enforcement at the highest level.

SPECIAL DESIGN LOGO SOCKS

**Socks can be produced in the clubs colours,
with a knitted club logo.**

This perfectly represents the impressive
appearance of Special Design.

Special Design socks can consist of a maximum
of four colours. The design is free, if technically
feasible.

You can choose from many standard colours,
but also come up with your own colour
variants.

PRIDE COLLECTION

Our newest club collection Pride pays homage to our brand's rich history. The collection combines a modern fit with years of experience, with fabrics and design details that have proven their worth. It's classic, powerful and functional. It's doing what we do best. We've focused on team clothing since the very first day - with passion for team sports and one clear objective: to give you the best experience in the field.

PRIDE

PRESTIGE COLLECTION

With the Prestige team line, Stanno takes the athlete to the next level. The collection has a modern feel, marked by clean, fast lines for an athletic look and with subtle tone-on-tone colours. A perfect fit, quality materials and subtle details finish it off.

PRESTIGE

The Prestige Poly Suit is a 100% polyester knit with a casual appearance, which offers durability. The jacket has a comfortable fit, features an elasticated hem and cuffs and has a soft inner and a slightly longer back. The finish and detailing of the pants, such as the bent knee insert and elastic rib material on the lower leg, ensure a perfect fit. The bottom of the pants has long zips, for easy fitting and removal.

Elastic rib material on the lower leg for extra stretchability.

VERY SUITABLE FOR PRINTING.

EASE COLLECTION

Welcome to our new Ease collection!
A comfortable, fashionable
sweat collection that is ideal as
presentation clothing, individual
sports or for casual wear. The tops
and pants feature a soft brush inner
for optimal comfort. The design is
characterised by a modern branding
print on the shoulders.

EASE

This Ease hoodie offers plenty of comfort before and after exercise, but also at many other moments. The material mix (60% cotton, 40% polyester) and the soft, brushed inner are a great combination for relaxing. The hoodie has a hood with funnel neck and a raglan sleeve insert for extra comfort.

With ventilation holes under the arms.

VERY SUITABLE FOR PRINTING.

Dealer takes care of printing.

FUNCTIONALS COLLECTION

Stanno Functionals is a collection with ideal training gear. Functional, stylish items focused on performance, innovation and fit. The Stanno Functionals collection is made of high-quality sports materials and can be perfectly combined with our other collections.

FUNCTIONALS

This Stanno Functionals polyester top has a snug fit and a raglan sleeve insert for extra comfort. The sleeves are made of rib material for a special look. The top has a stand-up collar with zipper up to the chest. The ventilating mesh panels in the side and in the neck make the top extra airy and light.

FOAM MATERIAL

 <p>HYPER FOAM</p>	 <p>AQUA FOAM</p>	 <p>SUPER SOFT PROFI FOAM</p>	 <p>SOFT FOAM</p>
<p>Hyper Foam provides optimum grip in both dry and wet weather conditions. The ultra-soft foam has unique properties. In rainy conditions, the moisture is absorbed and retained by the foam, which greatly improves the grip. In dry conditions, the gloves can be moistened less often thanks to the absorbing capacity of Hyper Foam. Hyper Foam increases ball control through excellent impact reduction and offers optimum wearing comfort.</p>	<p>Aqua Foam offers optimal grip in wet conditions. The soft and more open foam structure takes up water, which - in comparison to other types of foam - provides a 25% better grip. Additionally the Aqua Foam gloves contain an extra shock-absorbing function to reduce the impact of hard shots. The changing needs of professional keepers require that the characteristics and quality of the foam continually develop.</p>	<p>Super Soft Profi Foam has excellent properties for grip in both dry and wet conditions, and it also offers excellent cushioning. The use of the latest materials ensures durability and optimal comfort.</p>	<p>Soft Foam provides a reliable grip and excellent cushioning. Soft Foam ensures maximum ball control and optimal comfort.</p>

FOAM PROPERTIES

	<p>GRIP DURING DRY WEATHER CONDITIONS The adhesive properties of the foam are decisive for an optimal grip and the best performance. The weather is a big influence on the properties and performances of the foam material. Playing during dry weather requires specific foam components for optimal results.</p>
	<p>GRIP DURING WET WEATHER CONDITIONS Moisture, rain and wet conditions affect the grip and require additional components for a better grip. A softer and more open foam structure absorbs the water and is very suitable for wet weather conditions.</p>
	<p>CUSHIONING As well as grip, cushioning is an important factor in determining the most suitable goalkeeper gloves. The softer and thicker the foam, the better the impact of the ball can be absorbed. Also the thickness of the basic material of the gloves determines the amount of cushioning.</p>
	<p>ABRASION RESISTANCE Foam is a very soft material that needs special treatment. Regular ball contact leads to wear and tear of the foam. The degree of wear is determined by the surface structure and the density of the foam material. A more coarse and closed foam structure will lead to less wear.</p>

FOAM RATING

				
 Grip dry weather	★★★★★	★★★★★	★★★★★	★★★★★
 Grip wet weather	★★★★★	★★★★★	★★★★★	★★★★★
 Cushioning	★★★★★	★★★★★	★★★★★	★★★★★
 Abrasion resistance	★★★★☆	★★★★☆	★★★★☆	★★★★☆

GOALKEEPERS GLOVES

One of the main features of goalkeeper gloves is the way in which the gloves are stitched. This determines the ball control, grip and comfort.

ROLLFINGER-MODEL

With the **roll finger system**, the finger is completely surrounded by foam, without stitching. The magnification of the grip surface that is created in this way, allows for optimum grip on the ball.

PAGE 173

FLATHAND, POSITIVE

In a **flathand** glove, with **positive stitching**, the stitched seams are applied to the outside of the fingers, increasing the foam surface and creating a larger area for catching the ball.

PAGE 171

HYBRIDE

In case of a **hybrid** glove, the advantages of the **roll finger system** and **flathand (positive stitching)** are combined. With the roll finger system, the finger is completely surrounded by foam, without stitching. The stitched seams are applied to the outside of the fingers. The magnification of the grip surface that is created in this way, allows for optimum grip on the ball.

TECHNICAL INFORMATION

MATERIAL

CLIMA TEC
HIGH TECHNICAL FIBRE

ClimaTec material is a comfortable, warm, lightweight material, fast drying and easy to maintain. The advanced microfibres transport the body fluids and keep you comfortable in many weather conditions.

WOVEN TEC
MICRO FIBRE

WovenTec increases the wearing comfort and provides a soft feel. The material has a luxurious appearance. WovenTec products are not only functional during sports activities but also perfectly suitable for presentations.

POLY TEC
POLYESTER

PolyTec has a thermal effect and is easy to wash, which simplifies maintenance. It protects against cold wind and is a great combination of a functional and durable product.

COATED
SPECIAL COATING

Coated articles with taped seams, including rain gear and all-weather jackets, are finished with a special coating. Depending on the type of coating the articles are waterproof, windproof or water-repellent.

POLY-ESTER
HIGHLY ELASTICATED FIBRE

Extra elastic polyester gives our socks an even better fit. It also provides extra stretchability, making it easier to place the shin guard underneath.

POLY-PROPYLENE
LIGHT THERMAL FIBRE

Polypropylene is a thermal fibre with the lowest specific weight available. It is moisture-resistant and moisture-transportable. Polypropylene is 100% real colour, non-shrinking and recyclable. It gives perfect comfort to your feet and avoids skin irritation. Stanno specifically uses polypropylene for high quality sports socks.

COMFORT TEC
HIGH COMFORT

ComfortTec material is a very comfortable material. It keeps the body warm with its soft brushed inner.

MOTION TEC
HIGH COMFORT

MotionTec material is comfortable, lightweight and tight fitting because of the yarn used and the knitting technique. The fabric has a high stretchability because of the high level of elasticity in the product. It's functional and durable, perfectly suited for indoor sports.

DURA TTS
100% POLYESTER

TTS is a highly functional and durable material. Extremely suitable for strenuous exercise. The material is easy to wash which simplifies maintenance.

These sizes are only to be used as a guide. Careful attention should be paid to garment with a "Slim Fit" icon which are obviously a smaller, slimmer fitting.

Sampling is strongly advised if you are unsure about sizes. We cannot accept any liability or return of goods, if garments are decorated and then found to be unsuitable.

On photographic reproduction and print some colour changes may occur between pictures and original products. We reserve the right to make product/technical changes (in design, colour, function and material), which we feel, will make for improvement of the product. We will not accept any responsibility for printing errors in the catalogue! All Stanno products are suitable for printing, front or back.

Garment care. Stanno products are made to the highest standards and are subject to strict quality control procedures. Garments however can discolour due to substances such as mud and grass, liniment or oil, and of course perspiration, all of which may not be fully removable by washing. The extent of discolouration can be greatly reduced by following a few simple procedures. Soaking and/or washing of the garment in water and detergent as soon as possible after use can reduce discolouration, using at least the same volume of water as the garment being treated. Always follow detergent manufacturers instructions, especially those

intended to tackle heavy stains and avoid products containing bleach. Stanno International cannot accept any liability for discolouration or damage to garments resulting from staining caused by elements foreign to the materials used in manufacture.

All catalogue prices are recommended prices inclusive of VAT. The copying of products, in whatever form that may take, is forbidden without the prior written consent of Stanno International. Stanno International reserves the right to modify product specifications and prices at any given time.

Please note all time lines listed are purely for guidance and we reserve the right to make changes to these. It also applies that in the last year of the stated period, we can no longer guarantee complete size runs.
